

Professional Feng Shui Development

East West Academy

"THE CLARITY OF VISION THAT ALLOWS US TO MOVE WITH STRENGTH AND GRACE
AT THE RIGHT TIME AND IN THE RIGHT DIRECTION...THUS ACHIEVING OUR GOALS"

Academy News...

"Knowing how to settle the mind, one will be calm.
Having attained calmness, one will be undisturbed.
Having attained an undisturbed mind, one will have peace.
Having attained peace, one's mind will respond correctly to all situations.
One who responds correctly to all situations will find the way."

The above quote is taken from the I Ching interpretation by Hua-Ching Ni.

Now, I have to tell you I am excited that Lily Chung is coming. It will be wonderful to spend time with her and take her classes and see many of you that I have not seen for a while. She is unique among Feng Shui Masters; she is open, and sincere. Her wisdom and knowledge through her books and in person have changed the course of my life. You will be changed forever by taking her workshop. She will say something or show you something that will awaken in you something that has never stirred before.

We still have some room left for a few more participants, so I hope you can join us.

I am also so very excited about this fall's new classes. I have been working hard on changing the outline and format of the courses, (You will see that in the new outlines) Katherine Willems joins me in presenting classes on Sustainability as well as Design and Materials. Katherine has a four year interior design degree and is completing the Feng Shui Practitioner Program with me. I will be teaching larger classes out of a new location. Nicole Steeves has a wonderful new location that will be the home base of the new classes.

I am reading a new book that I recommend, (for those of you that are hooked on alchemy and Feng Shui) The Feng Shui Diaries, by Richard Ashworth.

This man is down to earth, and yet a scholar. This book follows his travels in England (where he resides) for one year. He has studied with more masters in Feng Shui than anyone I know (which says a lot), anyway it is an interesting read.

And finally I will begin next month to do a regular Astrology bit with my newsletter and have it sent out on the new moon or new lunar day of each month.

I wish you all many blessings.
