

Marlyna,

After our consultation with you in our last home, you provided some changes which we implemented. Since we moved to our new home, we began to realize how our lives had changed in some obvious as well as subtle ways. Our relationship had improved - we realized how much better we had been relating to one another. And our financial picture had changed in a very significant way. We had reluctantly let go of one income source only to find another making up the shortfall in a very positive manner. I believe this was directly influenced by the changes we made to my office/studio space.

We are looking forward to making some changes in our new home based on your recommendations. And we are very positive about an upcoming renovation with your insightful input.

Thanks for your expertise!

Paul
